So, let's begin with the 10 most stunning interior design ideas that will transform your home. Welcome!

# 01

## Cosy and Minimalist Living Rooms

Heartwarming living interiors stand tall in the forthcoming trend list of interior design. Adorning your living area with minimalist yet elegant fitments can add sophistication and elevate the complete look. Add interior plants as they tend to add positivity and promote calmness. Accompany the plantation with neutral walls which will create a contrast and adds tranquillity. Adorn it better with warm lights and plush sofas to create a cosy vibe.

## Indulging in Artefacts

Vintage or contemporary artefacts put in an extra element to the interior. Grace your interior with the artefacts which includes paintings, wall arts, floating shelves, handcrafted show pieces, vintage swings. This will add an extra flavour.

## Statement Mirror

Mirrors have been the most stated asset which marks its own presence to enhance the space. Add a vintage mirror in your bedroom or living area. Add a round mirror in the bathroom, the mirror signifies self confidence. Accessorising your interior with such can boost your self confidence while being an adorable, affordable and aesthetic decor option.

## Bohemian Inspired Trends

---

Bohemian trends set an unconventional style statement. They embrace carefree, textured and colourful living standards. Opposite to the minimalist, sophisticated looks they work on the more the merrier philosophy. Adding multiple cushions, rustic furnitures, candles, wall gallery,

mismatched chairs, dining embellishment in the kitchen incarcerated with bright shades mixed with warm tones. You can also add handmade and nature inspired items to finish your complete boho look.

## Serene Sitting Area

Sitting areas may or may not include study rooms, or office space. A minimal table, comfy chair or sofa and a floating book shelf is all you need. Keeping the space cosy by adding warm lights, interior plants and a decent bookshelf could work the best. You can add your required gadgets as well. This will give you a serene, calm vibes and sophistication.

## Elegant Dining Rooms

---

A proverb says, a family that eats together stays together. Dining rooms are usually the centred and underrated space of any home. Adorn it with minimal aesthetic value adding features. A circular dining table can be a good option. Dining rooms depending upon your taste can work. Keep it a bit Indian you can use copper utensils as embellishment or westernising it, by adding more glamour to it.

## Give a restful revive to your Bedroom

---

Adorn your restful space with peaceful fascinating stuff. Add trendy artefacts and wall hanging which might be a large dream catcher or a painting, hanging lanterns etc. You can add a bohemian touch by adding canopy around the bed with artificial climbers, etc. Use contemporary furniture designs like chairs. Geometrical figures and portraits can add value to the complete look.

## Transitional Kitchen Styles

Kitchen spaces should be a blend of contemporary and modern designs. Designing your kitchens with granite countertops, subtle colour pallet and wall designs. Sleek slabs, spacious shelves, suspended lights, chandeliers. We can use metallic suspended lights to it. Wooden laminated shelves, and fitments exemplifies the overall look & feel of the kitchen.
